

How can you leverage the talents and creativity of each member of your team?

Teams rely on intense, collaborative work to accomplish a specific goal or task that could not be accomplished as well by an individual or a work group. An effective team increases the productivity, satisfaction, and growth of each of its team members, the team itself, and the rest of the organization. -The Wisdom of Teams

Teams as Systems™ supports the team in identifying the current state of the system, what's needed next, and the plan of action that will move performance to the next level.

Outcomes

- Enhance team and individual awareness.
- Educate on Systems Concepts: linked systems, nested systems, and archetypes.
- Develop team agreements.
- Discover the skills of high-performing teams.
- Leverage the wisdom of the group to develop group priorities and action plans.

Who would benefit

- Newly formed teams.
- Teams that are stuck or have reached a performance plateau.
- Teams experiencing dysfunction or unresolved conflicts.
- Teams looking to learn more about successful team behaviors and team toxins.
